Date of birth
28-12-1999

Drivers license:
A and B

LANGUAGES

- **English**: full professional proficiency
- **Dutch**: native
- **German**: limited working proficiency
- **Spanish**: Elementary proficiency

PROFESSIONAL SKILLS

- **Data analysis**: Excel, SQL, Python
- **Software development**: Java, Angular, android studio, Arduino
- **Web development:** HTML, CSS, Javascript, mySQL
- **Graphic design:** Adobe Suite Photoshop
- **Video editing:** AfterEffects, iMovie
- **UX/UI Design:** Figma
- **IT support:** Microsoft 365

KEY COMPETENCIES

- User-Centered design
- Rapid prototyping and wireframing
- Creative Thinking
- Interaction Design
- Usability testing
- Communication and collaboration
- Problem-solving
- Adaptability and continuous learning

INTERESTS

Sports: Hiking, fitness, certified Yoga Instructor, *snowboarding, motorsport*

Cultures and volunteering: *4 years living abroad for study/work and educational/cultural volunteering*

Tech: *Smart technology, Internet of Things*

PROFESSIONAL STATEMENT

Currently pursuing a double degree master's in Human-Computer Interaction Design (HCID) through EIT Digital, with the first year at UPM in Madrid and the second at Aalto University in Helsinki. Driven by a passion for emerging technologies, I am especially fascinated by the the smart world trough sensors, actuators and virtual reality. My goal is connecting the right elements and people together in fields such as health, sports, and lifestyle innovation. Alongside my academic journey, I am an avid sports enthusiast, certified yoga instructor, and an experienced tour guide with a love for travel and cultural exploration.
